

DOCKET: UWY FA 10 4022991

SUPERIOR COURT

WILLIAM GROHS

J.D. OF WATERBURY

v.

AT WATERBURY

KELLY GROHS

SEPTEMBER 7, 2017

MOTION FOR CLARIFICATION

'emergency'

The defendant moves the court to clarify its order of 31 August, by Ficeto, J., which states:

No additional motions to be filed unless it is an emergency.

Clarification is required as Practice Book Chapter 25 Family Matters, does not contain an emergency procedure. No definition of a family matter 'emergency' is available by rule or case law. Ficeto, J., in de facto denial of access to the court has failed to define what is an 'emergency' and what is not; such vague order being deprivation of rights and criminal conduct under 42 USC §1983 and 18 USC § 241.

WHEREFORE, the aforementioned presented, a matter of due process, equal protection, access to the court, protection of rights, in the best interests of the children; the court shall clarify its denial of access except for the undefined 'emergency'.
