WordPress.com,

Hello, I have two requests the first of which is the following preservation request. The second request is the removal of the article titled "Public Service Message: Watertown." The article is under investigation by this agency and a court order will be following this request. In the article, numerous serious unsubstantiated crimes are being broadcasted against an adult male of being a "pedophile." A fifteen year old boy is also being named as sexually assaulting two young girls. All of the involved children are being named and their schools are being broadcasted. The content of the post a crime under Connecticut General Statutes. If the site can be preserved and then taken down, we would appreciate it as the children named in this article are seeing it everywhere. The article is continually being reposted on Facebook and other sites.
